

Si PARTNERS

Si Partners specialises in integrating wireless and IP communications to give companies access to secure data wherever Optus Mobile network coverage is available, anytime. Primary focus areas include the integration of third-party applications for BlackBerry over the Optus Mobile network, consultancy and design of mobility strategies and sales and field force automation. Si Partners has provided unique communications solutions for:

- Healthcare – pharmaceutical orders and clinical test results
- Insurance – claims adjusting, policy and sales updates
- Retail – customer look-up and in-store merchandise locators.

SOLUTIONS

Si Partners' wireless email solution enables BlackBerry users to access data wherever Optus Mobile GSM (or the relevant network) has coverage through a BlackBerry Enterprise Server. It integrates tightly with existing enterprise systems, securely extending wireless communications and corporate data to mobile users.

Si Partners provides various tools for automating mobile workforces:

- **Idokorro Mobile Admin** enables IT administrators to securely manage, maintain and monitor a network from practically wherever Optus Mobile GSM (or the relevant network) has coverage.
- **Impatica for BlackBerry Enterprise Server** and **Impatica ShowMate** allow mobile users to project PowerPoint presentations using their mobile devices, Bluetooth connectivity or BlackBerry.
- **Vetro 360** enables BlackBerry users to connect to enterprise applications such as Microsoft Dynamics, NetSuite, Oracle, Salesforce.com, CRM, SAP, Siebel or SugarCRM. Field force users can receive, capture and update information on leads, cases and accounts in the field.

- **Colibri Mobile Office Premium** gives BlackBerry users the functionality of a BlackBerry Enterprise Server without investing in hardware and software.
- **METAMessage** enables BlackBerry users to access data on their corporate network using connectors designed by METAMessage. Forms can be created to allow sales force and field force users to receive and update job information.

BENEFITS

A solution from Si Partners will:

- Improve efficiency and integration with mobile and in-house staff
- Reduce network downtime
- Create competitive advantage with real-time responsiveness to client queries
- Increase return on investment with improved productivity, workflow efficiency and immediacy.
